| STAKE HOLDER | FEEDBACK ANALYSIS REPORT 2023-2024 |
|--------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| FACULTY | 98% of respondents said the curriculum is competent and focused on needs. 8% said the curriculum should be enhanced to guarantee increased student involvement. |
| STUDENTS | The majority of students 84% thought the syllabus was more than acceptable in light of the abilities anticipated from the course material. 18% of the students advised adding electives like forensic dentistry and aesthetic dentistry. |
| EMPLOYER | The syllabus and curriculum were deemed sufficient by 90% of respondents since it included current breakthroughs. 6% of respondents recommended adding extra clinical content to help students adequately prepare for clinical competence. |
| ALUMNI | 98% said the entire curriculum was carefully crafted and narrowly targeted to meet the demands of competitive tests and expanding competency requirements. |
| PROFESSIONAL | The course, in the opinion of 96% of the specialists, covered all areas of clinical and theoretical knowledge. However, they underlined the significance of encouraging full student involvement in the educational process. |
