ANNUALREPORT-2017-2018

This institute was started in 2005 and ever since, created waves in the field of dental education as a pioneer dental institute. Meghna Institute of Dental Sciences (MIDS) is committed to improving health through excellence in dental education, educating members of the health professions, engaging in basic and applied research, encouraging technology transfer, and developing public and community health programs. MIDS is approved by DCI and affiliated to Kaloji Narayana Rao University of Health Sciences.

Our main objective is to become a highly acclaimed resource for dental education in the state and the largest single provider of oral health care services in the state of Telangana

With a sprawling campus of 5.1 acre, and a built-up area of 222156 sq ft, our institute provides all amenities required for the academic, co-curricular and extracurricular development of every student privileged to be part of this institute. This has been evident from the pass percentage achieved by our students in the BDS degree examinations, and the laurels achieved in academic, sport and cultural events inside and outside the college. Now let us look at some of the achievements of our institution in the academic year 2017-2018.

In this academic year a total of 6 workshops were conducted in our college and we also conducted blood donation camp in association with other organizations.

STAFF CONTRIBUTIONS TOWARDS JOURNALS: The faculty members have published 23 articles.

FDP, WORKSHOPS AND CONFERENCES ATTENDED BY STAFF: A Total of 50 Faculty members were attended various conferences, workshops and Faculty Development Programs.

RESULT: In the Telangana state Kaloji Narayana rao University of Health Sciences, the pass percentage of our college was 83%.

AWARDS: Our PG student Dr. Maryia roseme won the 1st prize for paper presentation by 5th TSDC held in 2018.
